Dear Mr. Baird:

The Strategic Intelligence School is in the process of revising its area film studies on "Western Europe" and "Latin America." These films are designed to provide graphic supplements to instruction given on world areas by this school and also widely used by other governmental and military agencies in their area orientation training programs.

For this project we would greatly appreciate it if you would once again make available from your agency area specialists to act as Technical Advisors such as _____ who in 1958 was the advisor on the film _____

STAT

The magnitude of the task for these two revisions will not be as great as before since much of the film footage from the previous films will still be useable. The major effort will be in updating the commentary.

As in the past any per diem and travel expenses incurred would be defrayed by the school and complimentary distribution of the film will be made to your agency.

Your continuing support of this school's training activities is very much appreciated.

Sincerely yours,

AUGUST KURSAR
Colonel, USAF
